Personal Statement

With a decade of dedicated experience in the dynamic world of film and TV editing, I am a seasoned professional who has contributed to a diverse range of projects. My portfolio includes TV commercials, both scripted and unscripted short films, and feature-length films. In addition, I have a proven track record in crafting compelling taster tapes for television shows, strategically designed to captivate commissioners of major TV networks. I possess a multifaceted skill set, encompassing not only editing but also color grading, and the creation of visually stunning graphics and motion graphics, further enhancing the storytelling impact of my work.

Professional Experience

I have been involved in many editing/grading projects in both Britain and abroad for MediaVoodoo, STV Creative, STV Studios, LS Productions, La Belle Allée Productions, ProSieben (GER), umbrella.tv (HUN) and worked with various independent Scottish and international artists in the past 12 years. This has enabled me to work together with many individuals with different backgrounds and budgets with confidence, and help them complete projects successfully often from the planning stages. I have extensive experience in working with brands, creating social clips, preparing TV programs for transmission (DPP) and preparing films for cinema screenings (mastering DCPs).

Whether working as an editor, editor assistant, DIT or camera operator, my quick problem solving abilities, enthusiasm, attention to detail and technical knowledge have always made me a valuable and crucial member of the team.

Skills

- Proficient knowledge of the Adobe Suite, Davinci Resolve, Shotput Pro, Vidchecker
- Strong knowledge of wide range of video containers and compression methods, exporting for TV transmission, social media, etc.
- Sound mixing, green screen keying, audio editing, basic vfx and DCP mastering experience
- Extensive experience with educational/safety videos and multicamera edits
- Strong knowledge of hardware and ability to work on any given platform (Win/Mac/Linux systems)
- Great interpersonal skills with the ability to help find the best creative solution to any problem
- Reliable, professional and independent member of a team with excellent time keeping
- Clean full UK drivers license held for over 20 years with own transport

Education

2010-2014: BA (Hons) English Literature and Film studies (2:1 Honors Degree)
Edinburgh Napier University

2002-2005: Information Technology (Computer Programming) and English Literature
University of Debrecen (Hungary)
